

Frogs on a Log

Word Building Activity

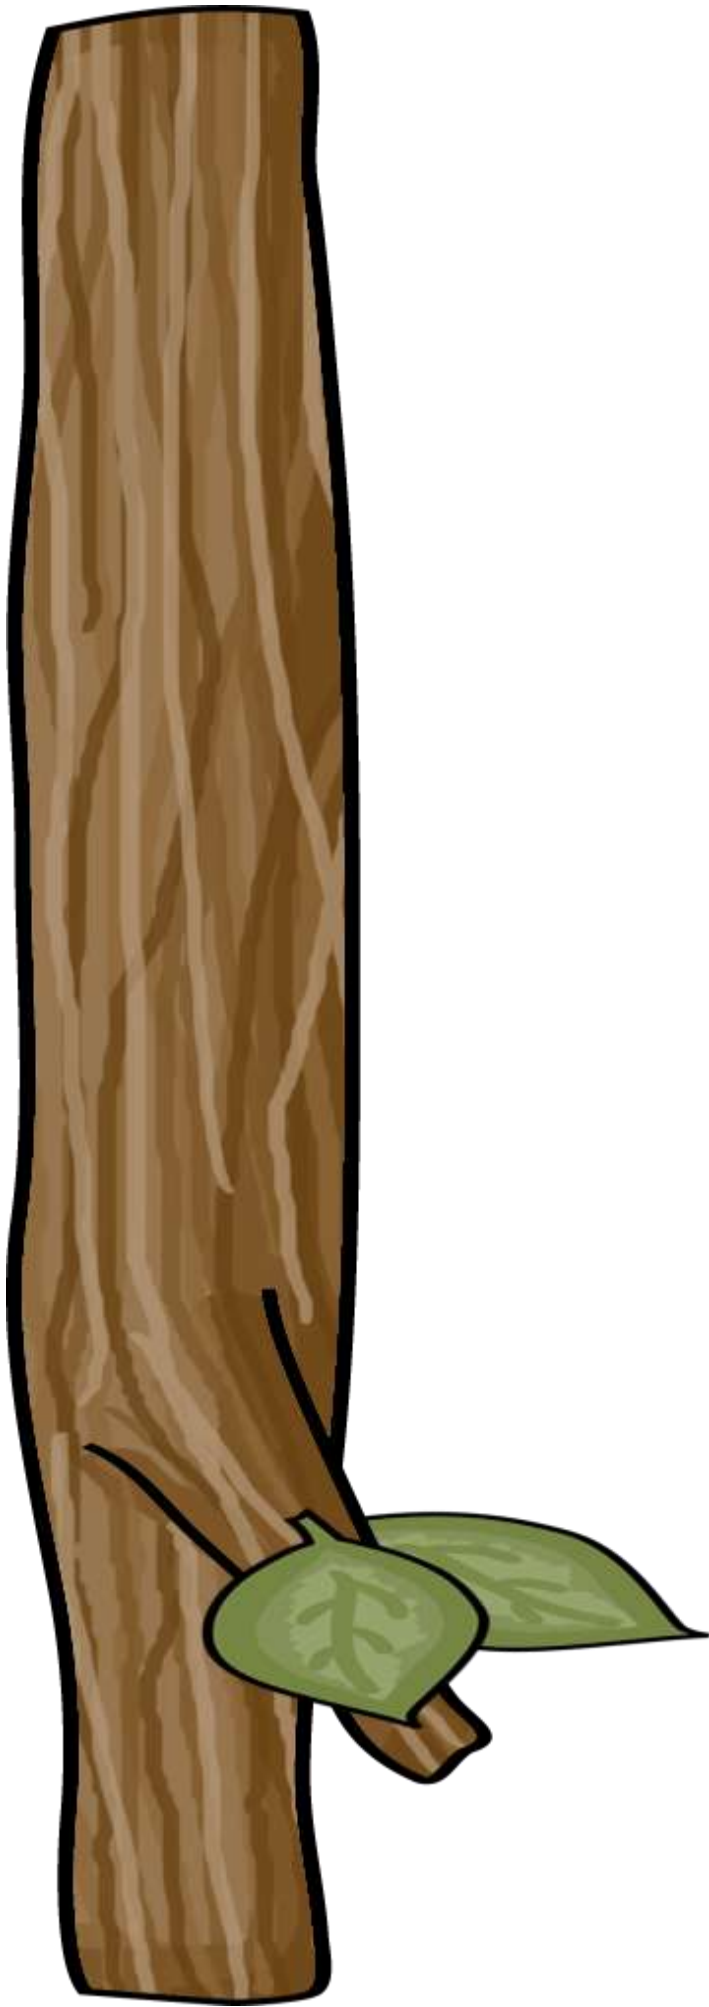

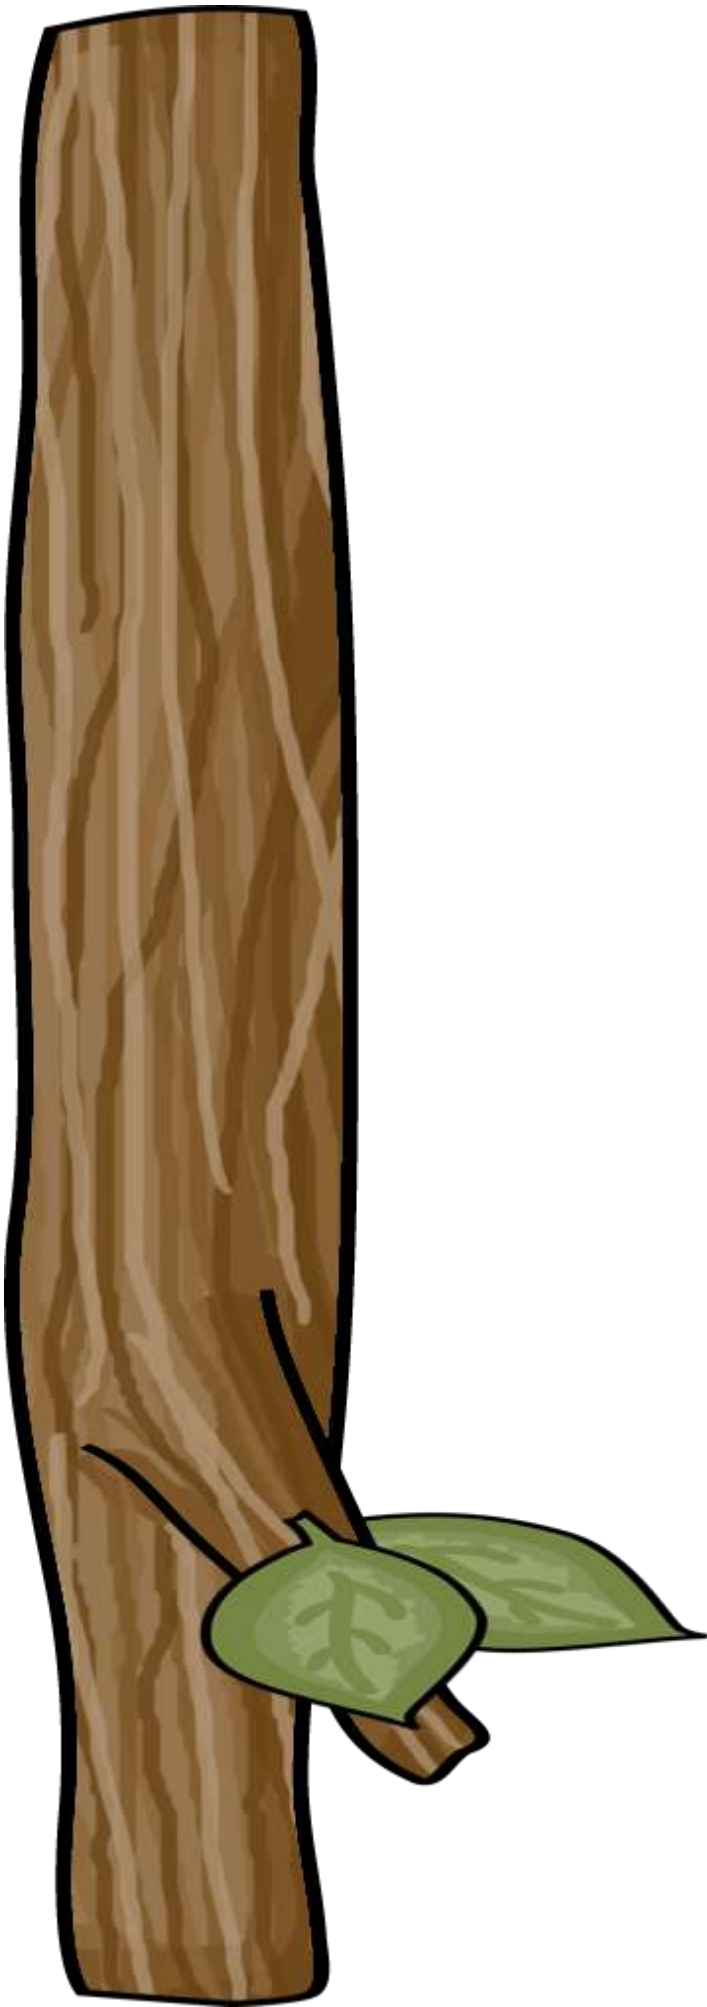

Directions:

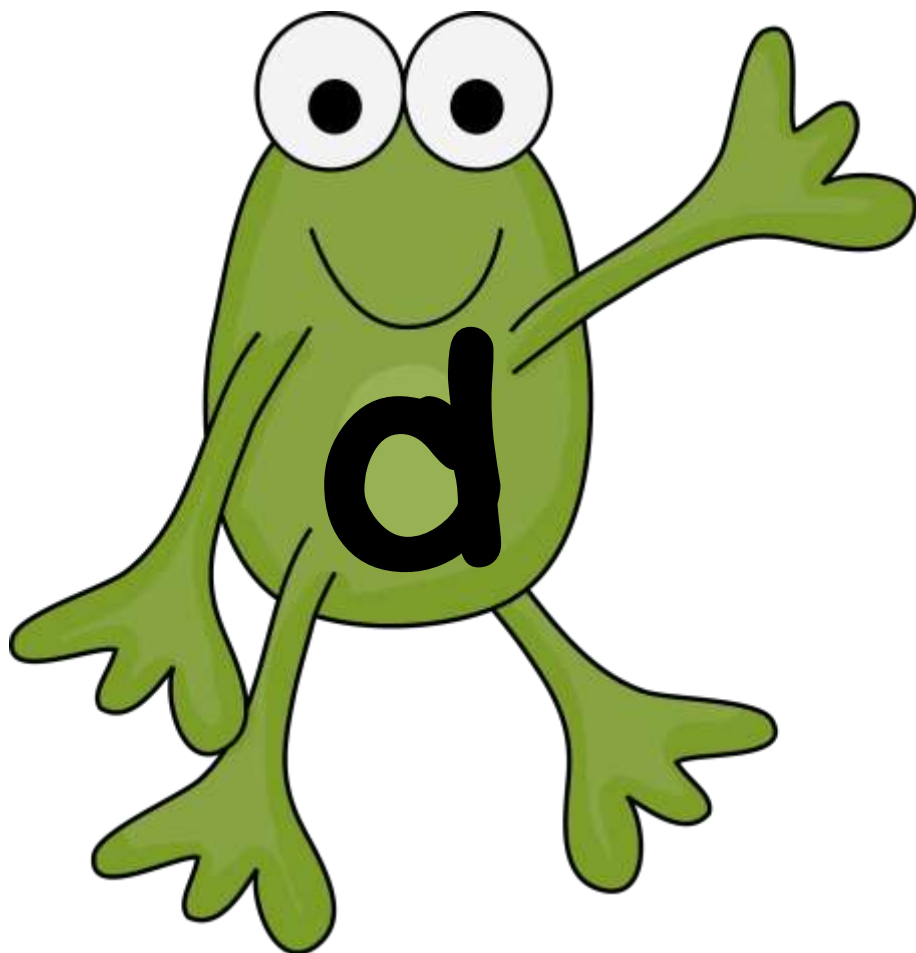

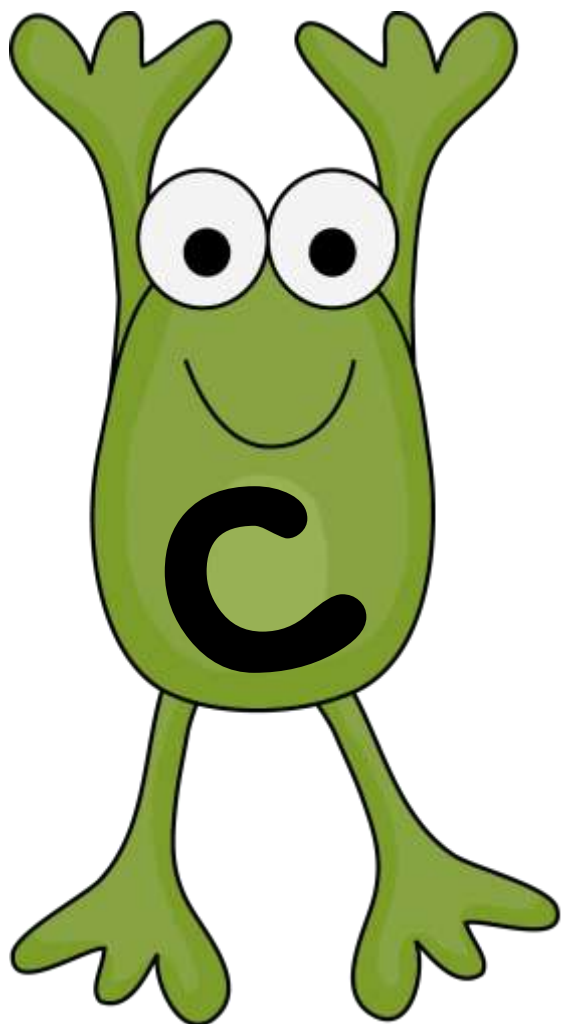

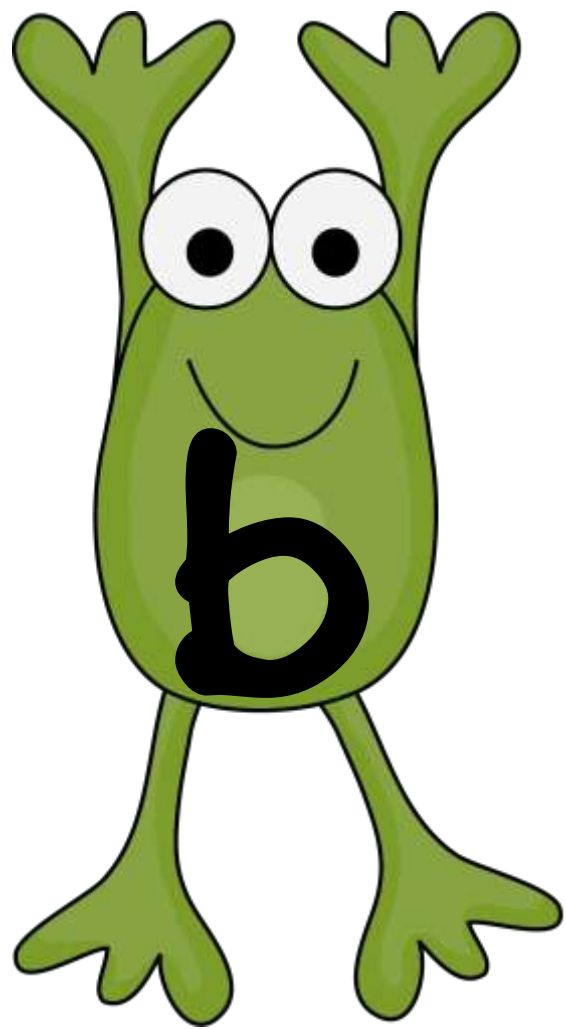

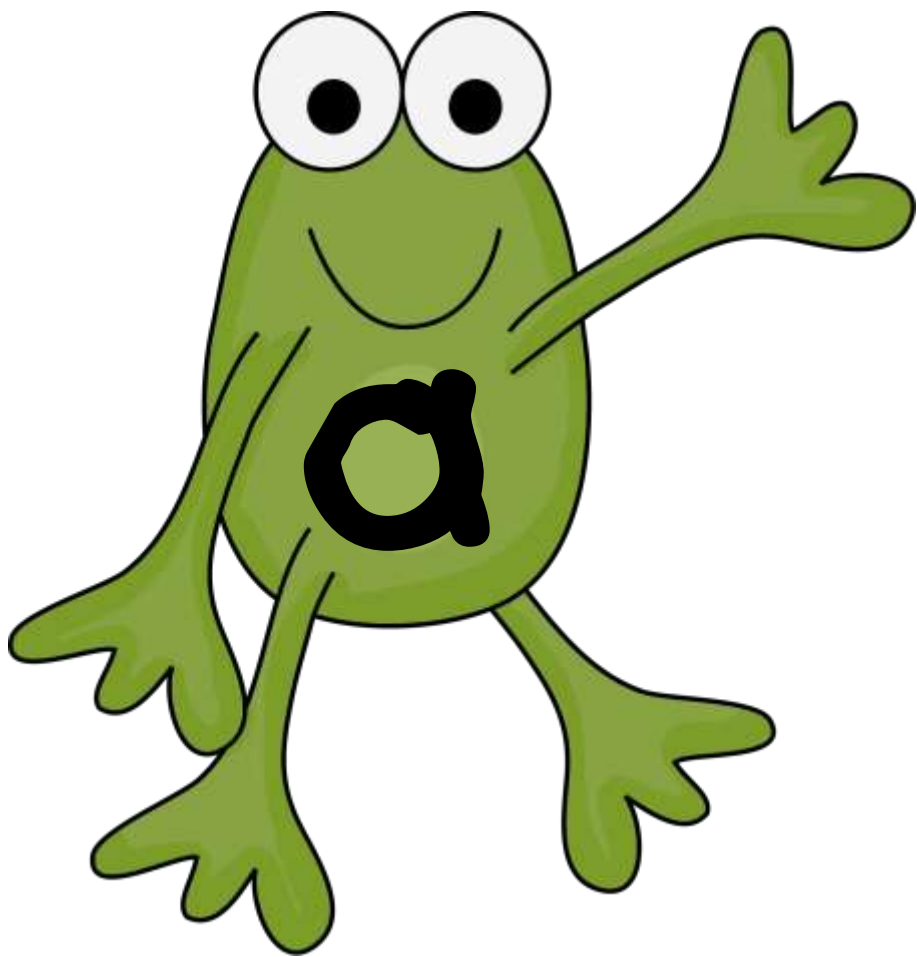

1. Students will choose 1 vowel frog and 2 consonant frogs to arrange on the log in a CVC pattern.
2. Students will read the word they created and decide if it is a real word or make-believe word. The word should be recorded under the correct column.

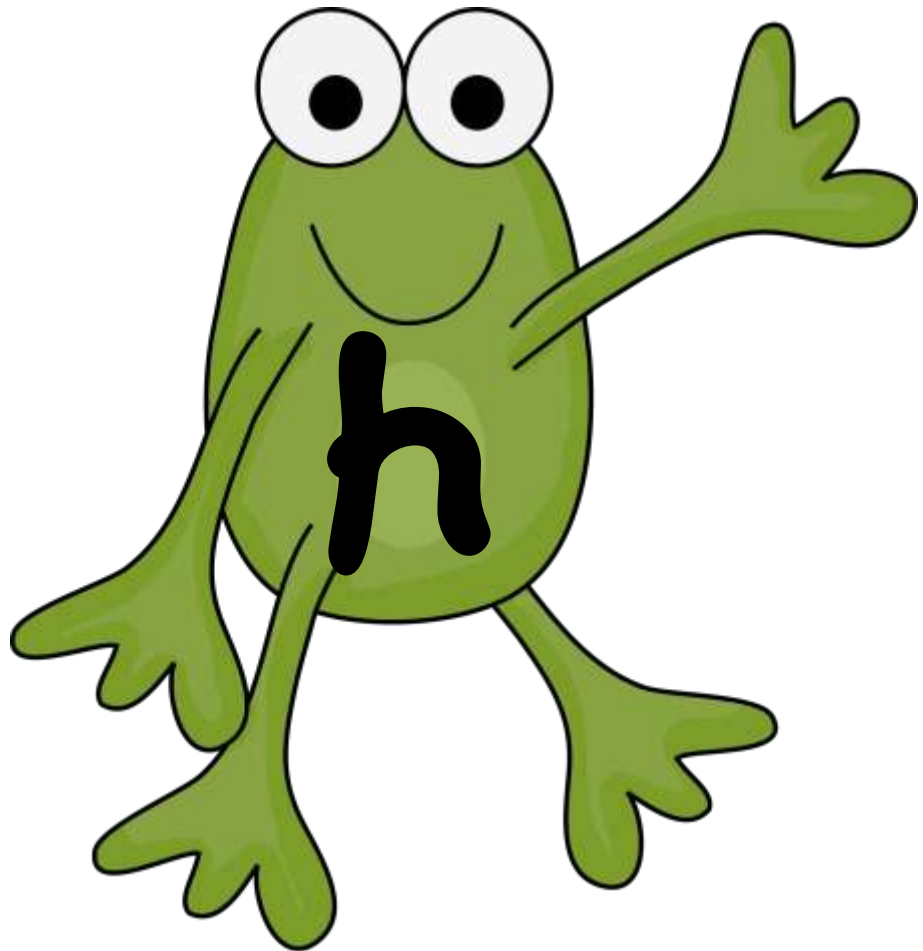

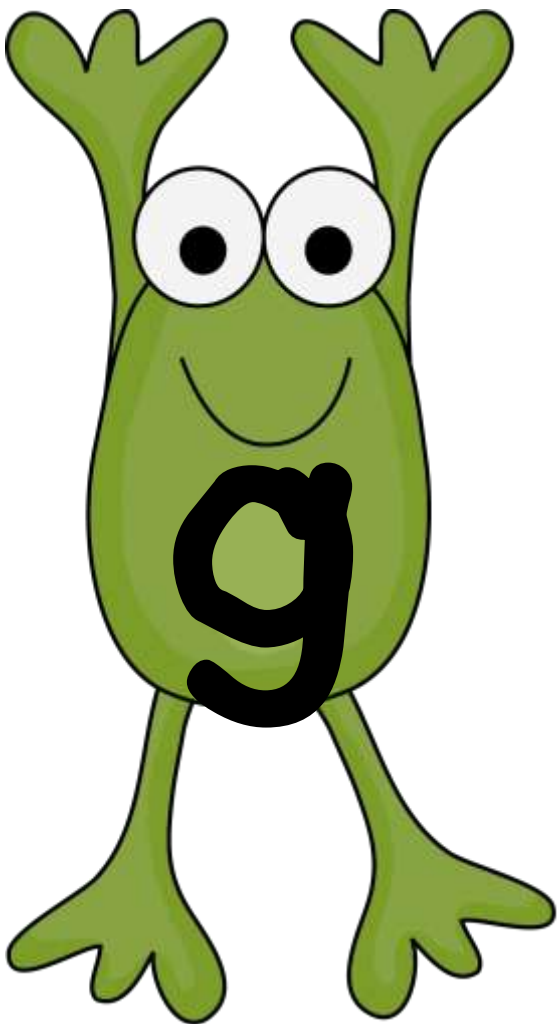

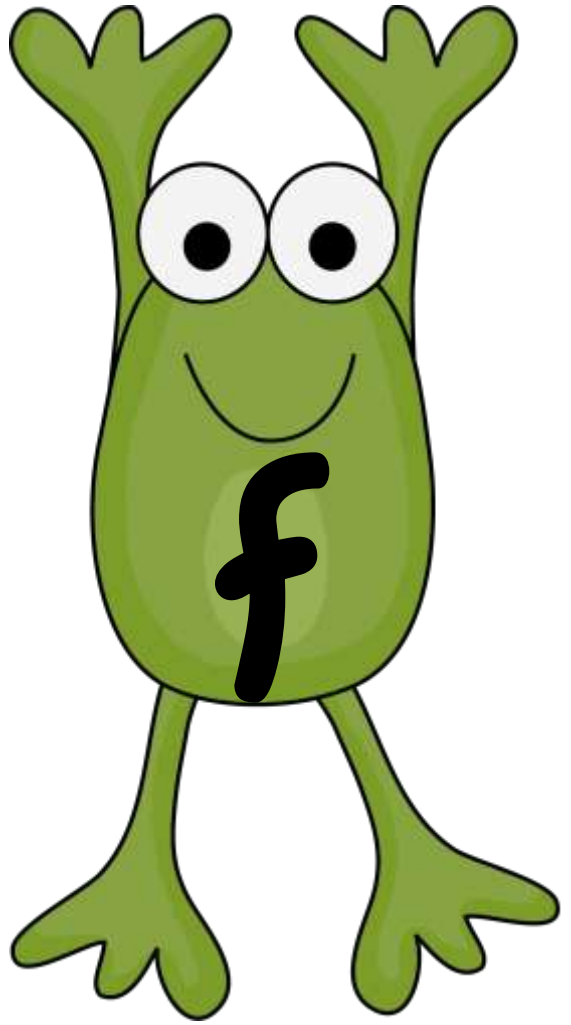

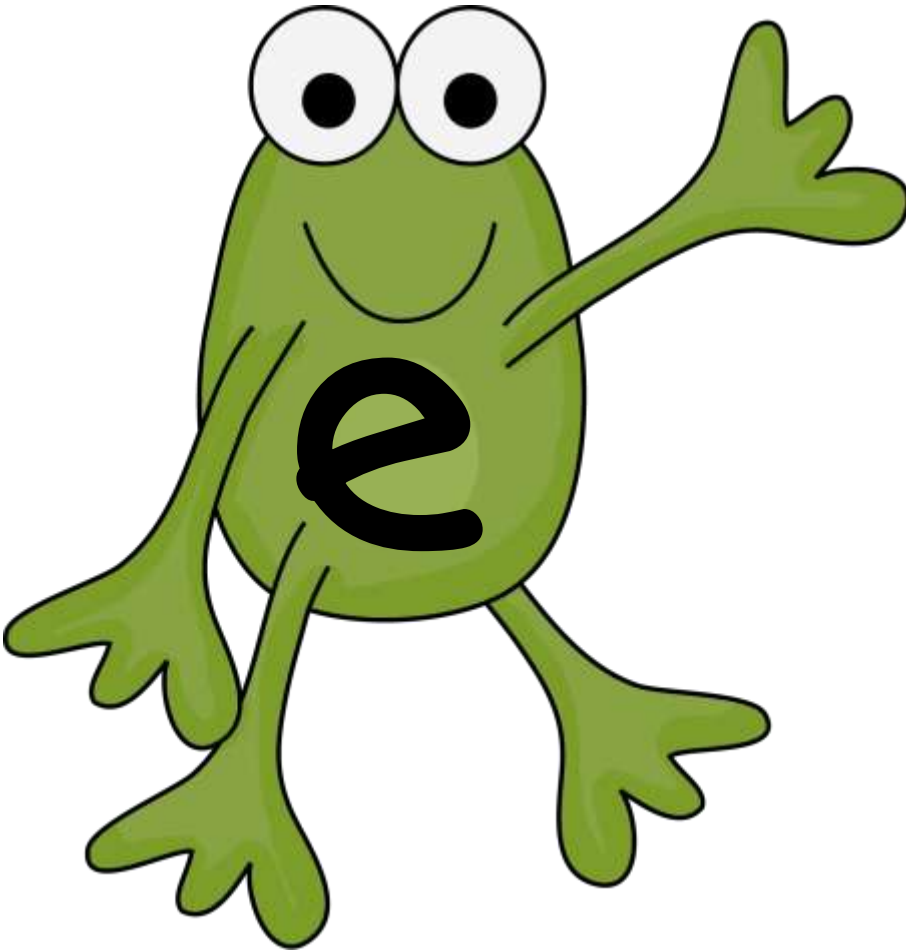

Note to Teacher: You can differentiate this station by using consonants in front of a word family instead creating of CVC words independently. Another option would be to include blends and digraphs.

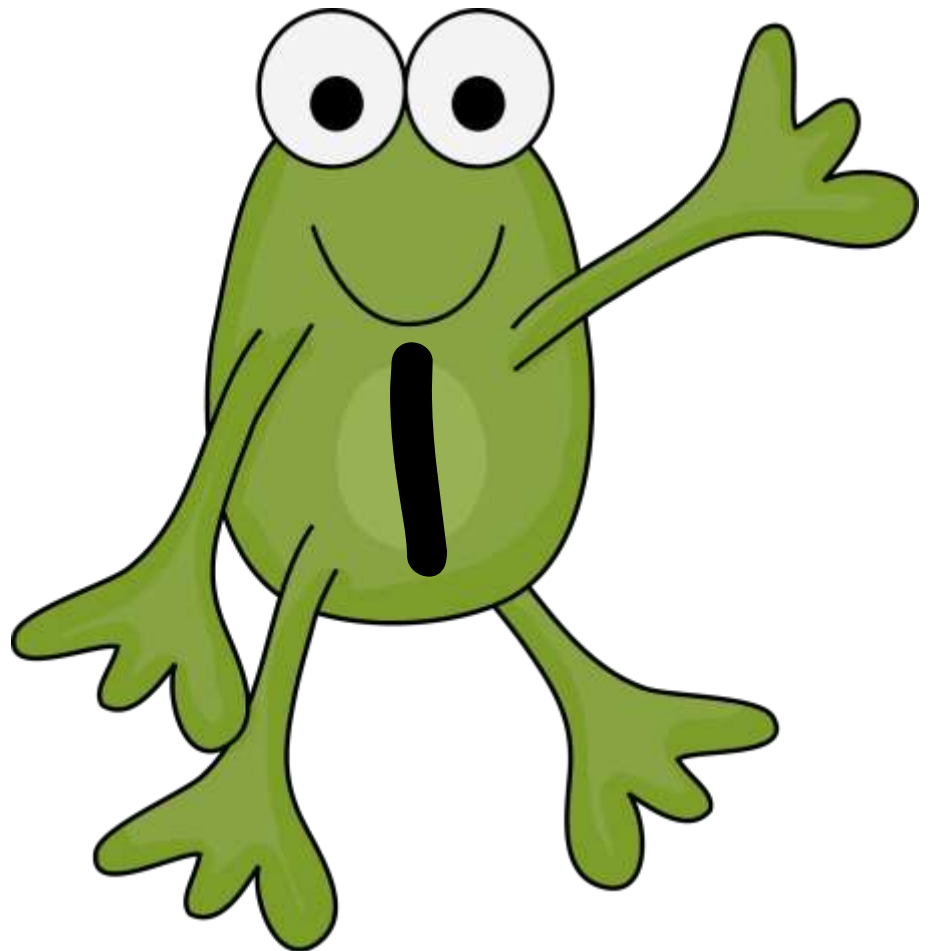

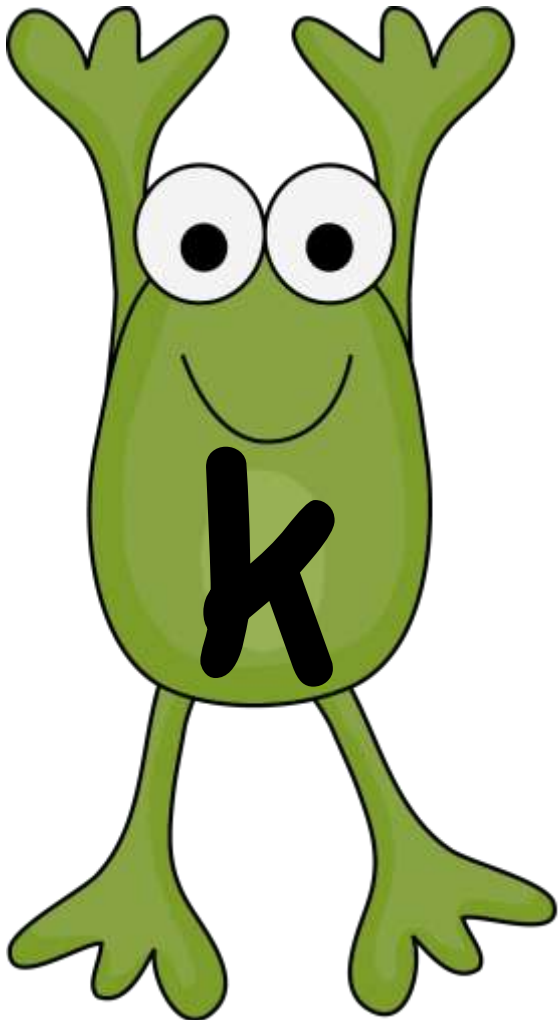

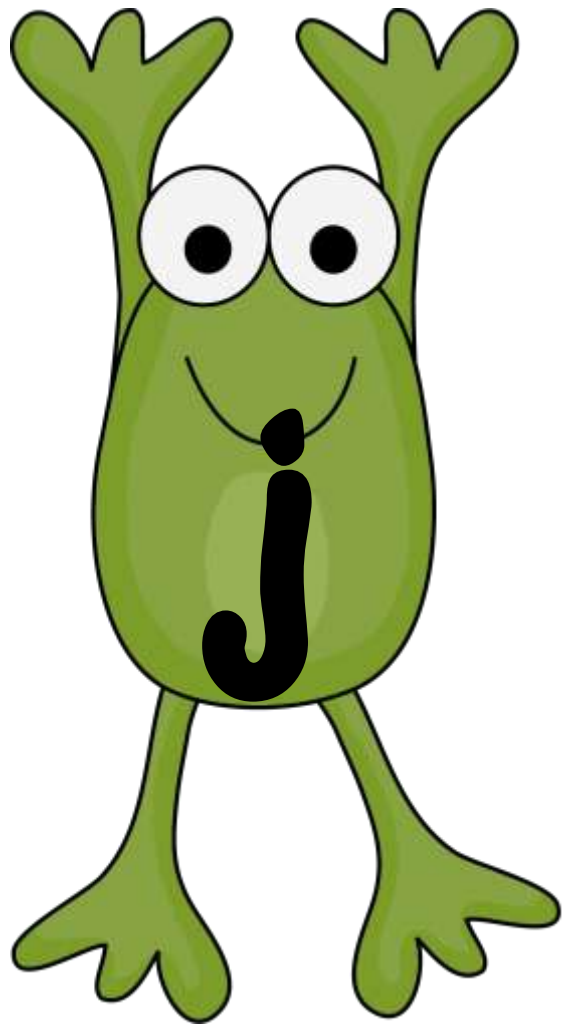

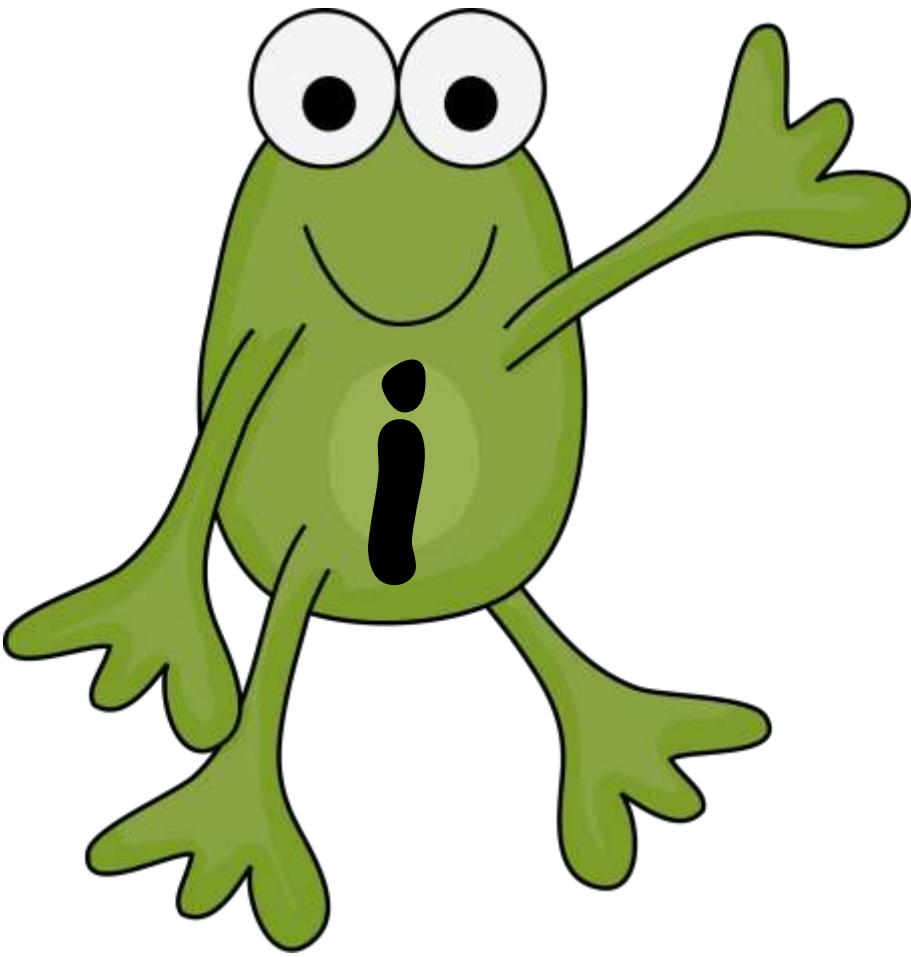

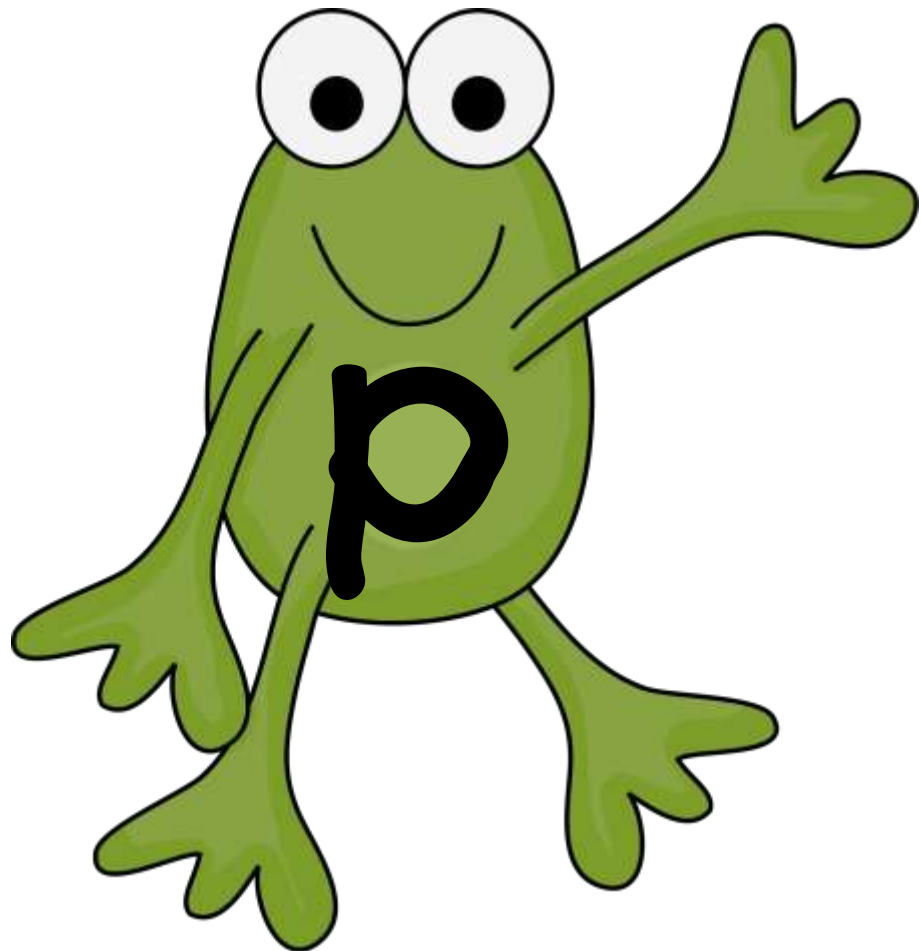

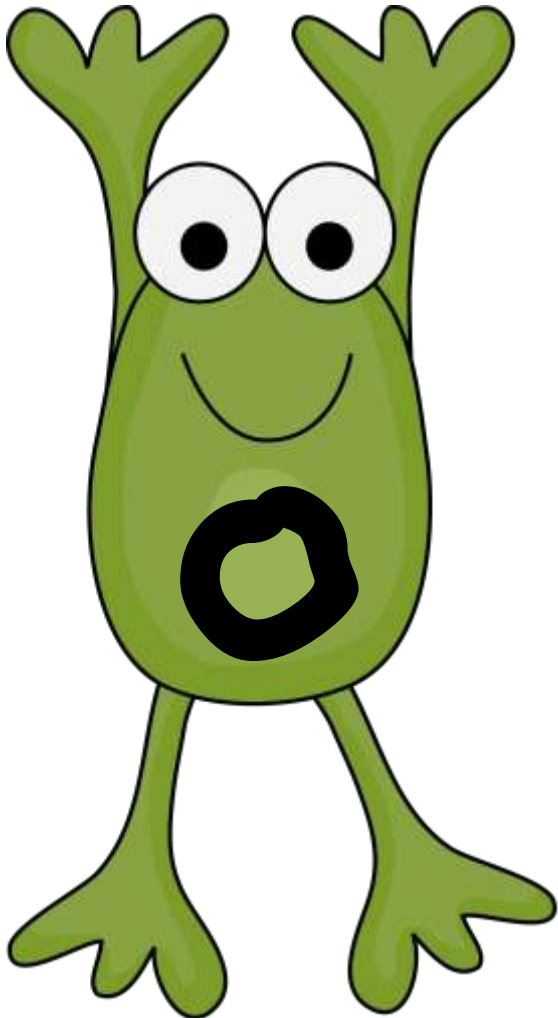

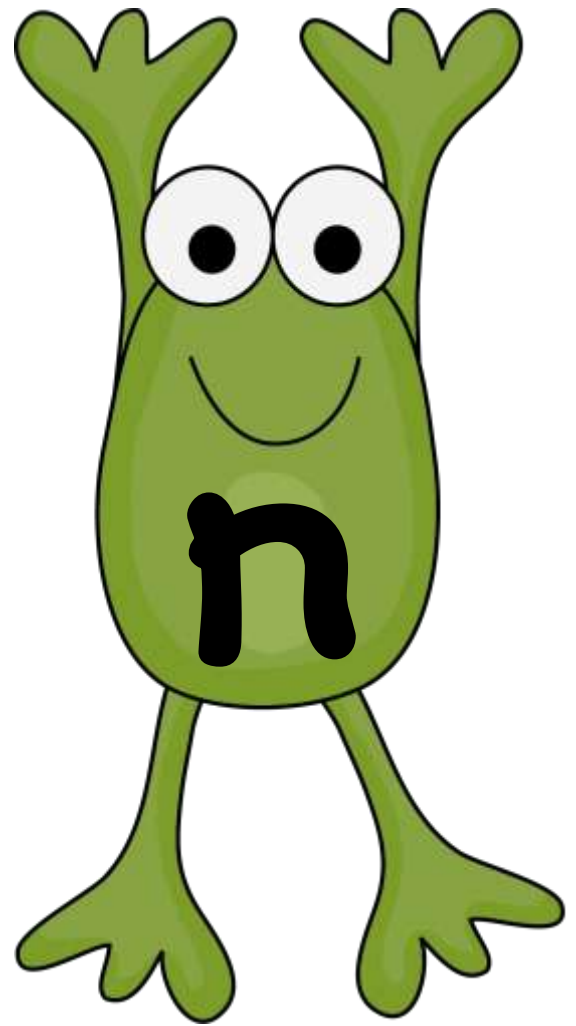

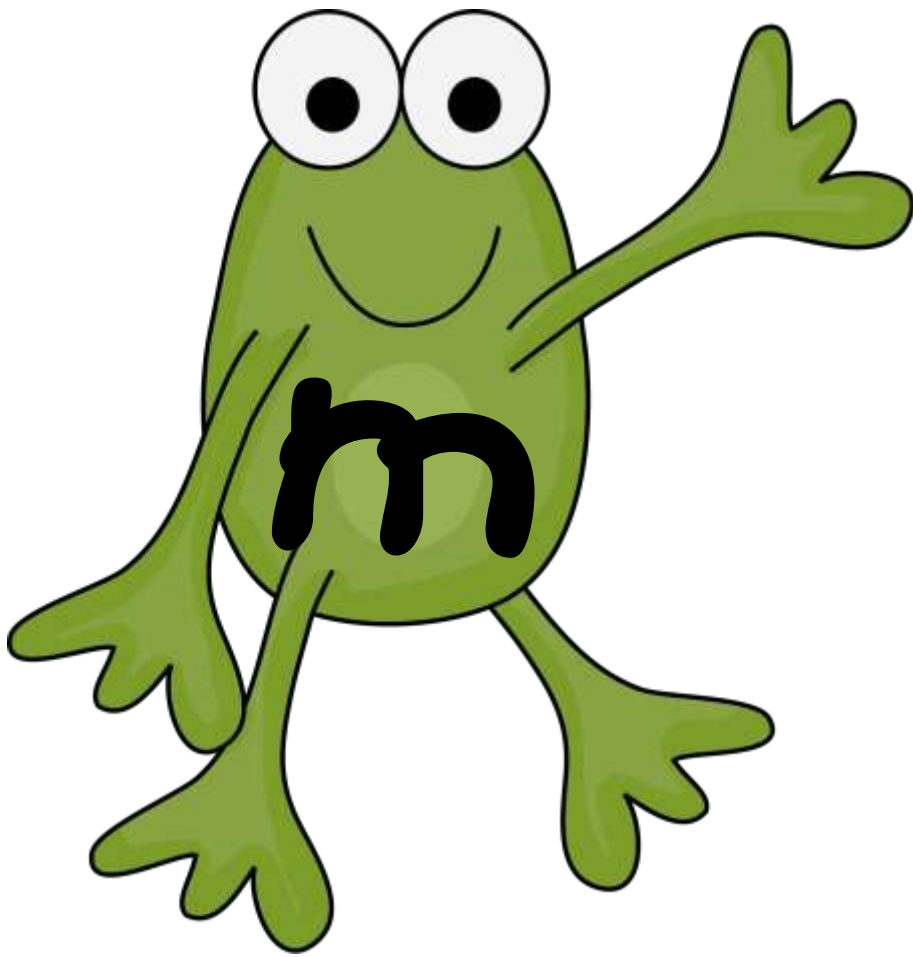

Created by Mrs. Pollard
www.teacheristatales.blogspot.com

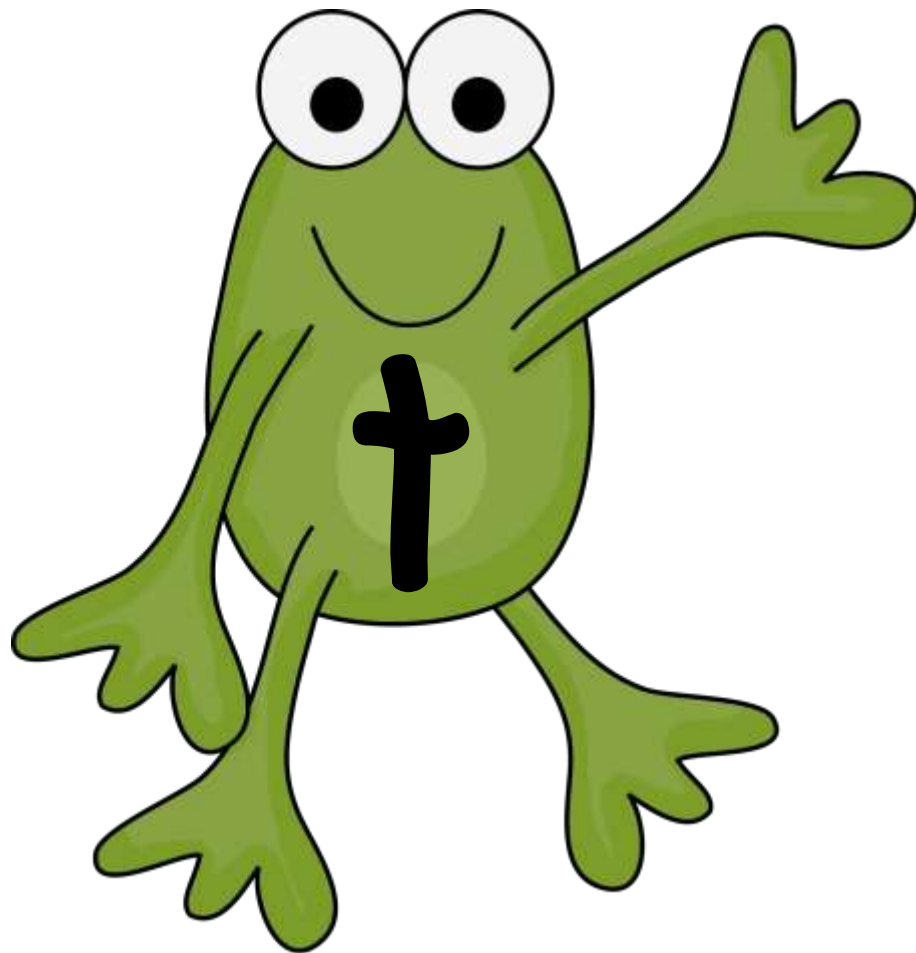

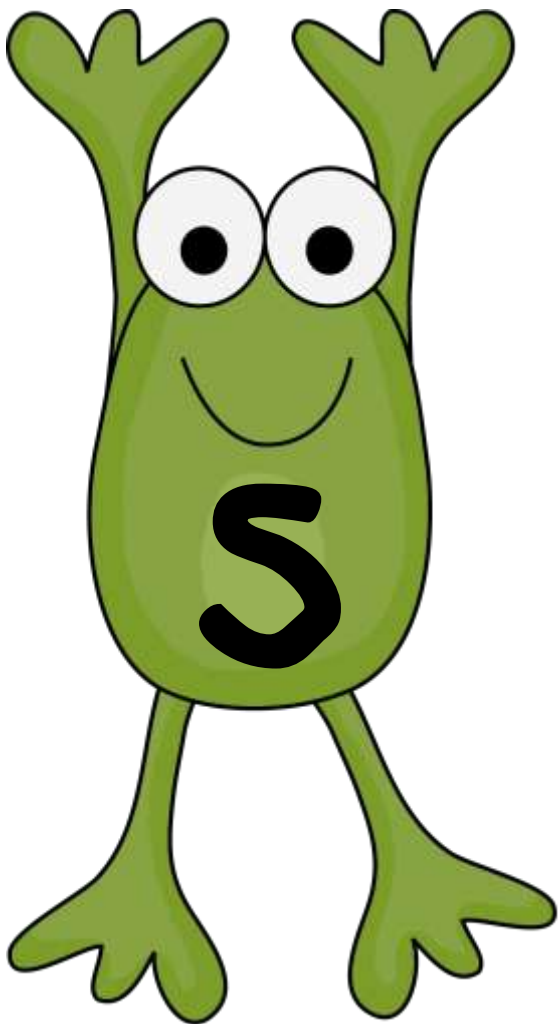

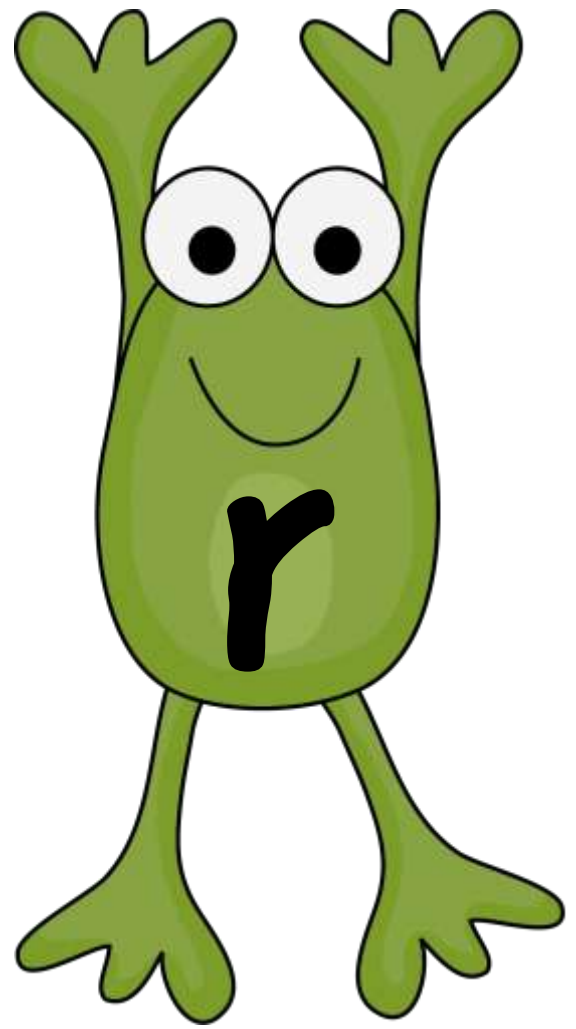

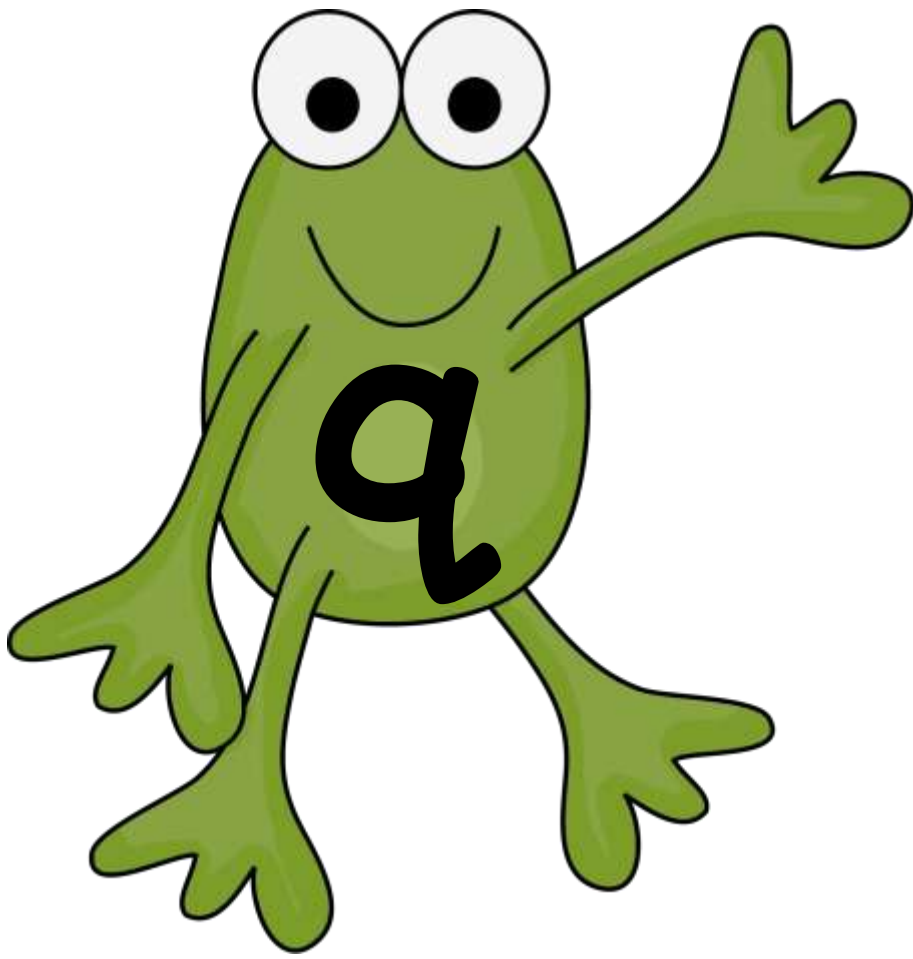

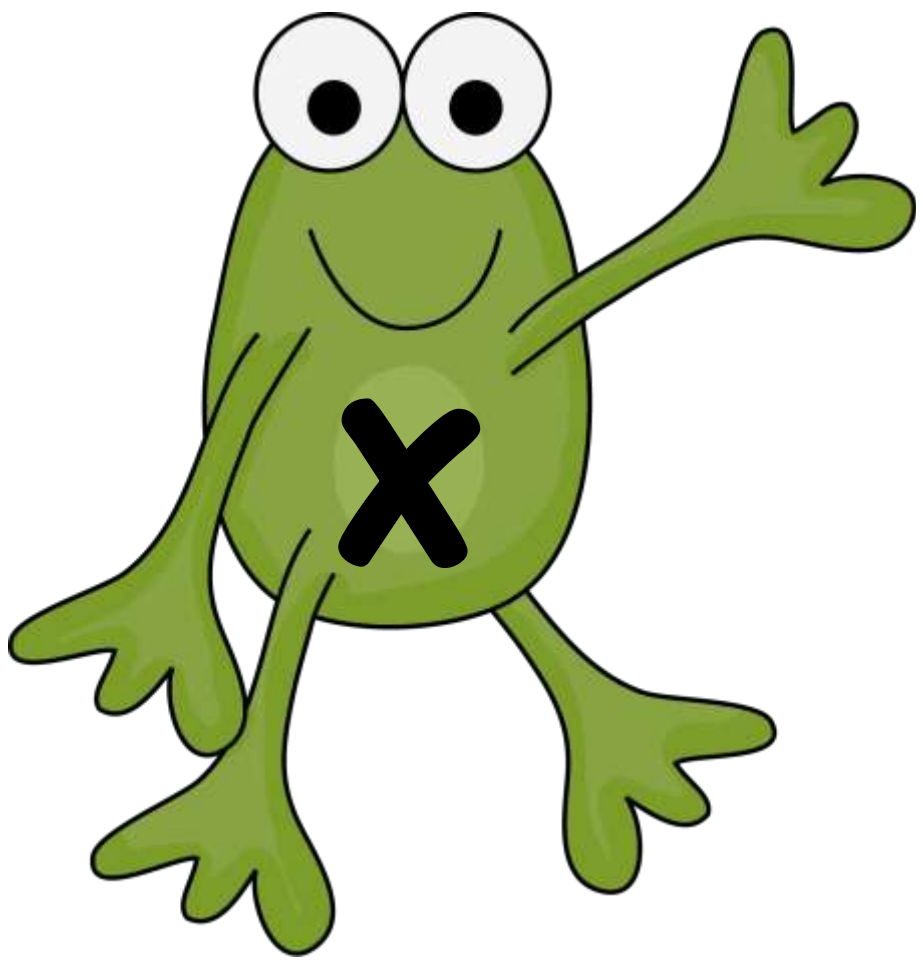

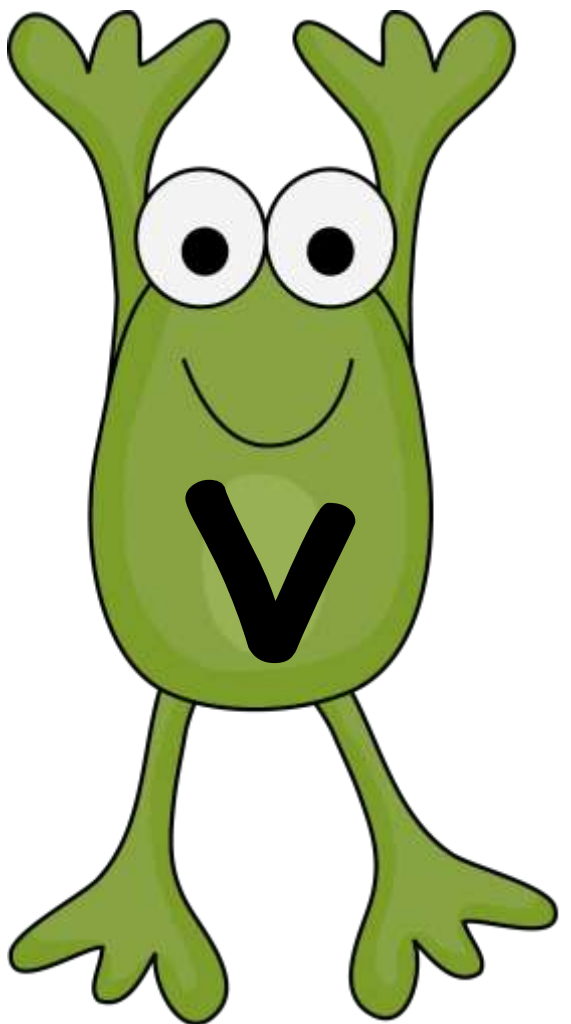

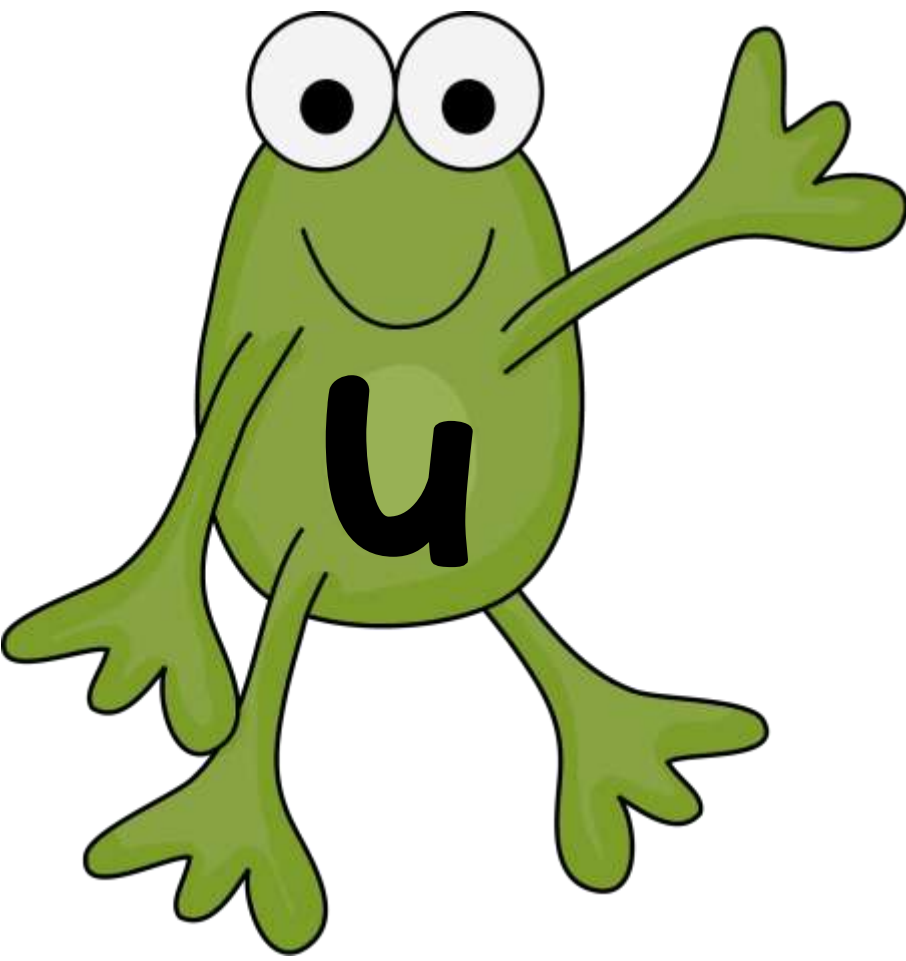

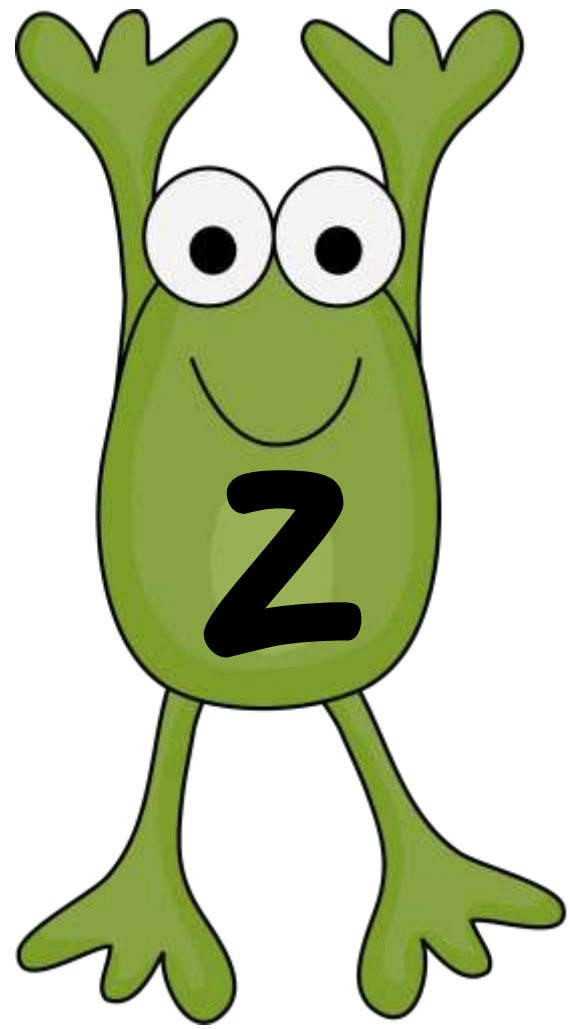

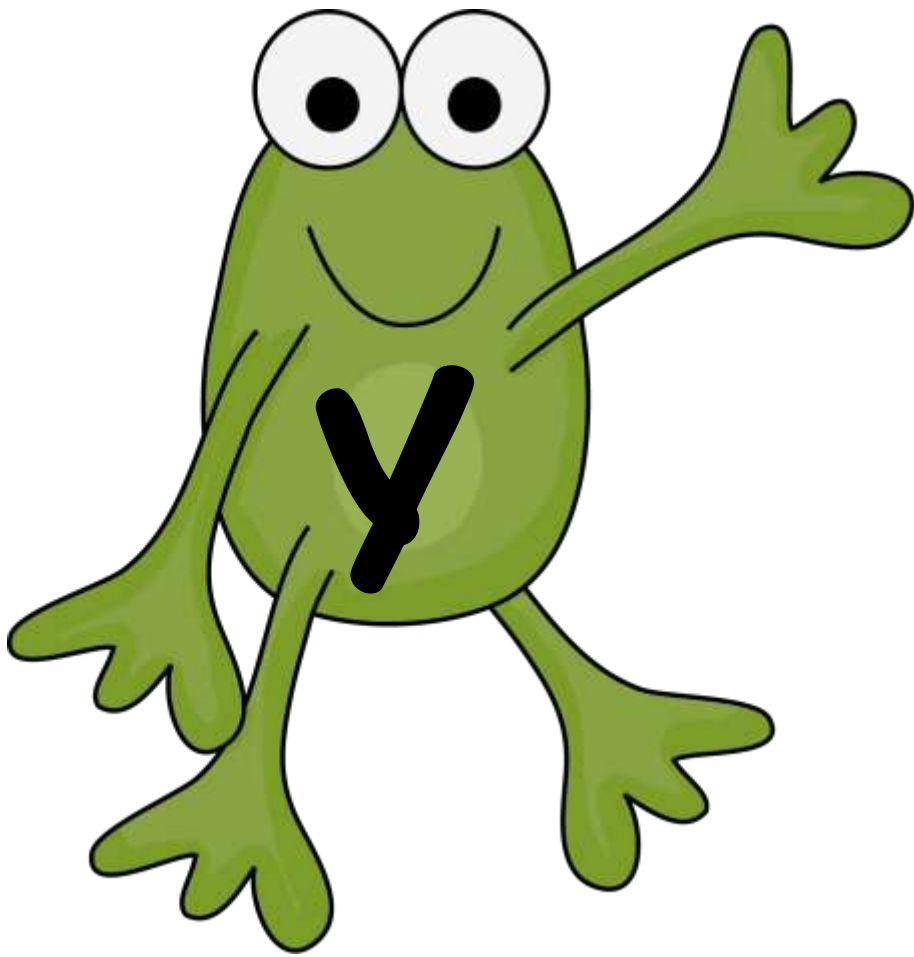

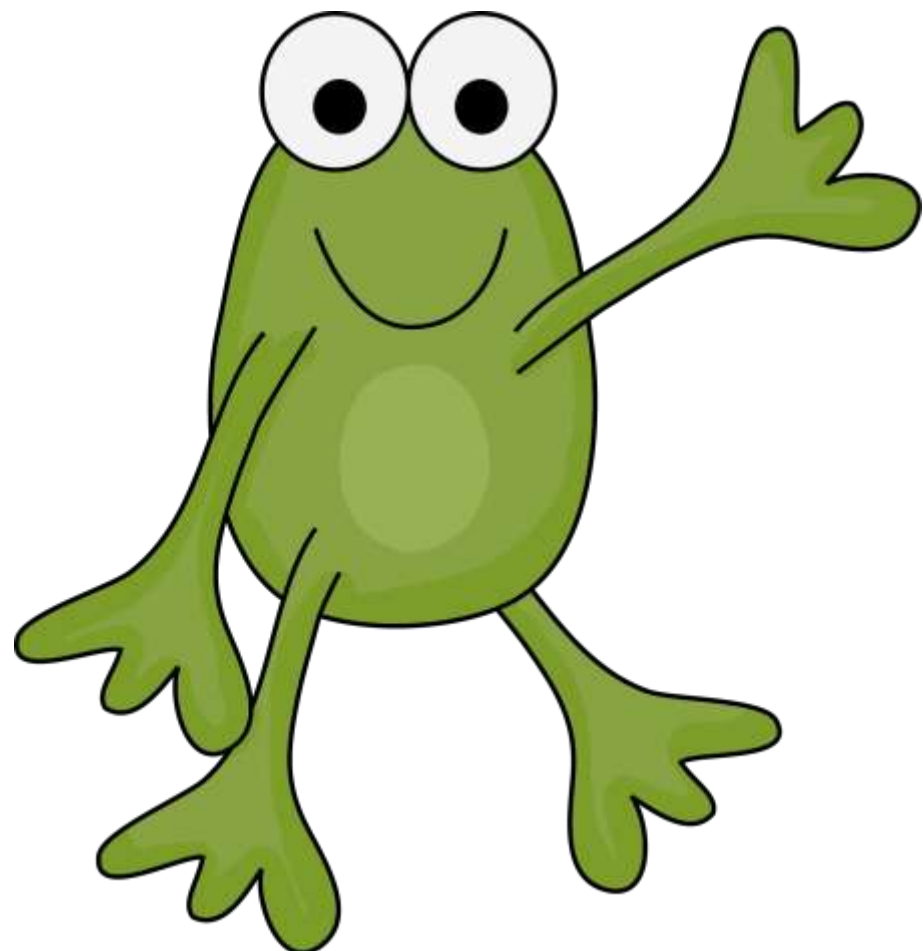

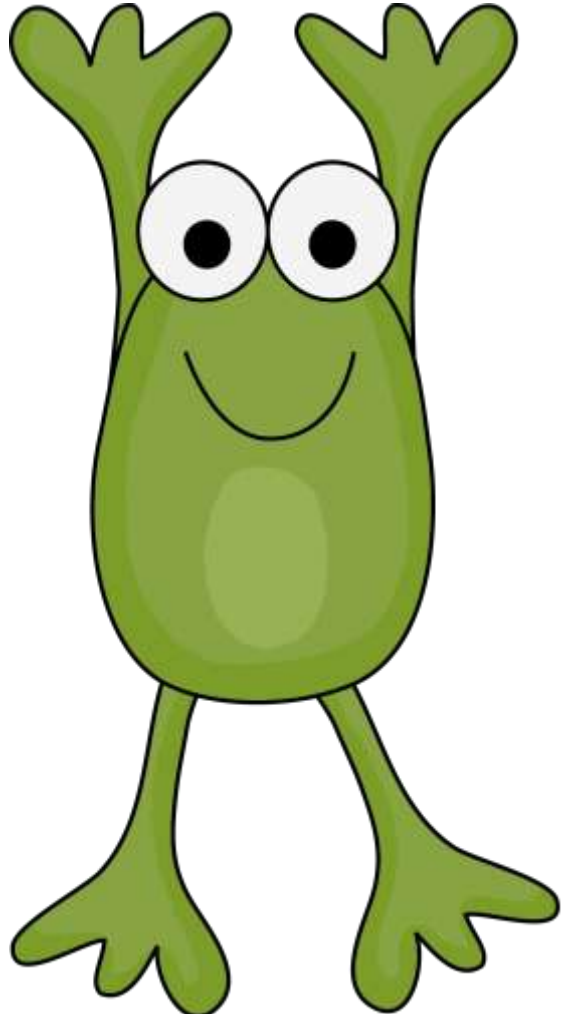

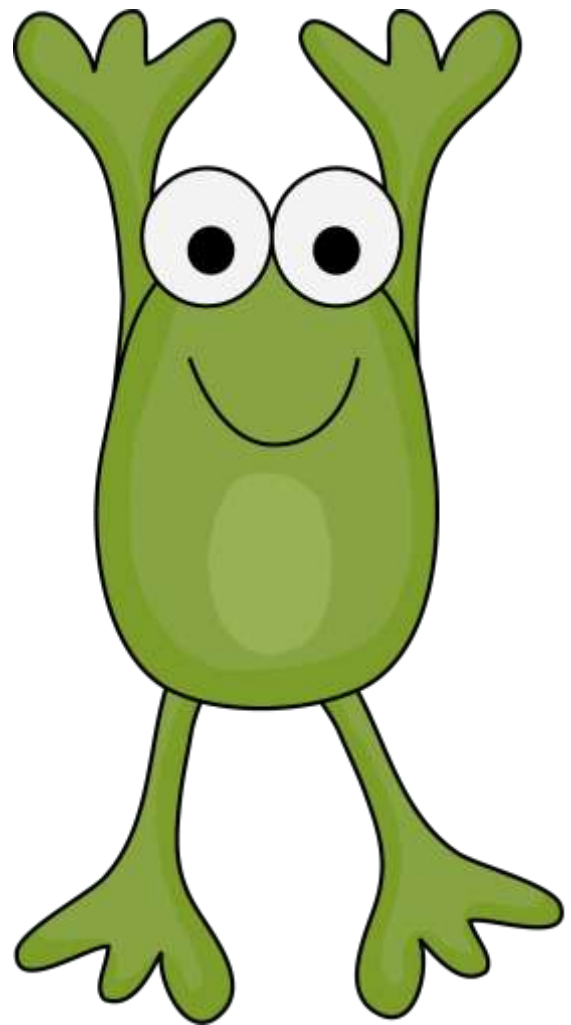

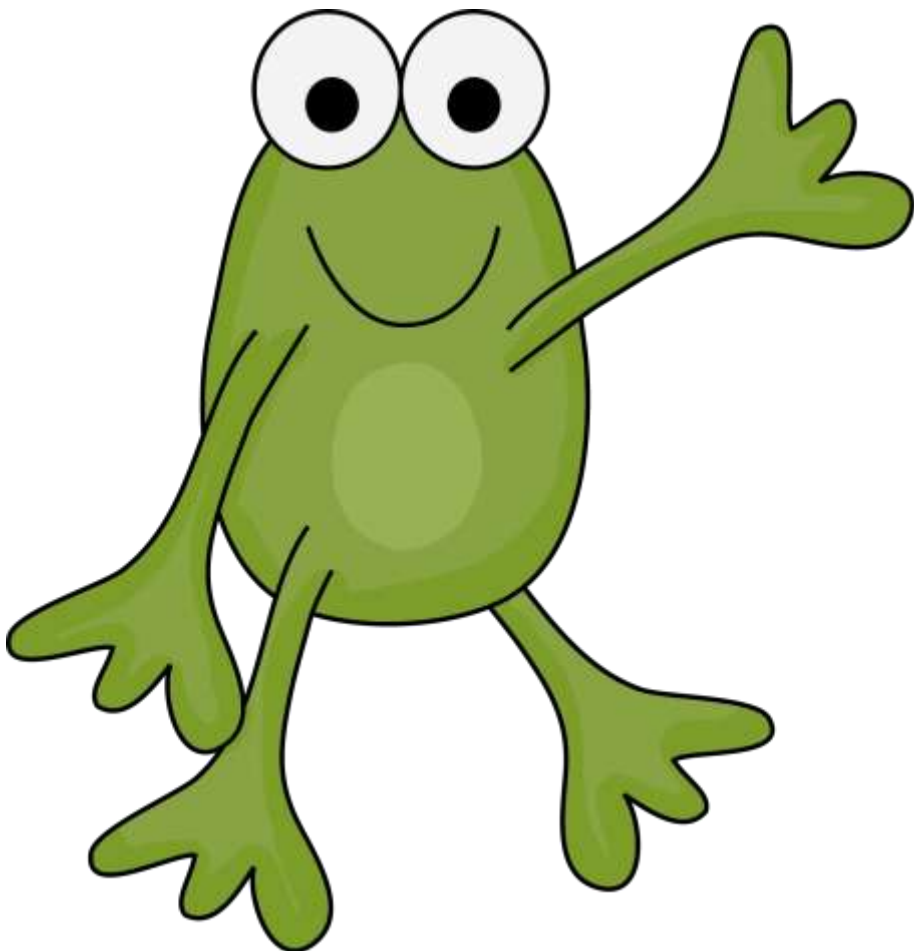

Note: I plan to cut out the frogs and mat them on scrapbooking paper. I will use a different paper/color for the vowels so students will know which to put in the middle of the word.

Note: I have included blank frogs so you can add blends, digraphs, or word families if desired.
