Vocabulary Connections

1) Scan the words on the hexagons.

2) Determine 2-3 main ideas.

3) Cluster the remaining hexagons around those main ideas.
   You must be able to describe the connection between any two hexagons that share a border.

4) Use as many of the hexagons in your main idea clusters as possible.

5) Extra points may be awarded for “thinking out side the box.”
